AND THE WINNER IS...

Dear *Voluptuous*,

Let me tell you, after the June '06 BBC-II match-up, I thought it would get easier. But, July '06 is another difficult vote. As I look at the chart, it looks like every month will be a close call. Of course, all of the *Voluptuous* women are great (especially when you take the very best of the best), so I should have expected this.

Kelly Kay vs. Sharday? My vote in this round is for Sharday. Talk about a close call. Sharday's boobs are just a bit bigger and better looking. It's no wonder she's a two-time Model of the Year winner and considered one of the all-time greats. She's really hot.

Finally, I'd like to comment on the July '06 issue. I think it is one of your best ever, made so by the fantastic layout featuring Deja. I've been a subscriber for several years, and it's women like Deja who make your magazine the best. I think this is Deja's best layout ever. From any angle, this woman is incredibly beautiful, and her boobs are so awesome, when it's time for the BBC-III (you're already making plans, right?), I think she should definitely be included.—P.S., Pennsylvania

Dear P.S.: We couldn't agree more with you about Deja. She's a great one, and though we have NOT made plans for the BBC-III once the second stanza finishes, yes, Deja would definitely be a strong contender. Another strong contender is, yes, Sharday, who beat Kelly Kay by a strong eight points (54%-46% of the votes), and now moves on to the Elite Eight to battle the winner of this month's contest between Marilyn and Carol Brown.

WELCOME BACK, DEVIN!

Dear *Voluptuous*,

I may be a bit tardy, but I wanted to offer up a big welcome back to Devin Taylor. I really missed her and her unbelievable body. She looked spectacular as always in the June '06 *Voluptuous*, and I also wanted to say that you need to make a new *XL Girls Home Alone* video. It has been a while.

Speaking of XL, this tournament that is going on in *Voluptuous* is such a great idea, I think it should be done for each magazine, including XL and especially SCORE. My choices for the first three contests of

Nadine Jansen (above) and Sharday (below) have moved on to the Elite Eight in the Big-Breast Challenge II. Who's got next? Turn to page 19 for details.

It's getting redundant to say "Deja was the star of the issue," as she was in the July '06 *Voluptuous*. Why? Because Deja is the star of every issue she appears in. With her great tits, awesome ass, pretty face and perfectly proportionate body, watch for more of this super-natural in the future—most definitely in our traditional Holiday issue awards spectacular.

DOUBLE-SHOTS

Dear *Voluptuous*,

In the last 10 years of my life, I have faced a lot of disappointment and darkness. But I kept looking to the things that always put a smile on my face. Drawing, painting, laughter with friends, and escapist thrills from the greatest magazines the world has ever seen—*Voluptuous* and *SCORE*.

You've never disappointed—every issue, cover to cover, every time! I just wanted to take the time to thank all of you—the editors, writers, photographers, cartoonists, graphic designers and, of course, the models! Your resolve to continually produce the sharpest, most sumptuous feast for the eyes and the imagination is worthy of greater praise or honor than any one fan's praise might bring.

The only problem that you now have is, even as twin magazines,

Voluptuous and *SCORE* have access to such a wide array of incredible models, with new discoveries being added regularly, where can you highlight them all in print? Chaka T. is one name that jumps out as a superstar who deserves far more exposure.

Thanks, again, and keep it up, everyone! And I look forward to next month's double-dose of *SCORE* Group goodness!—G.G., California

DEVON THE DEFENDER.

Dear *Voluptuous*,

This is great! Now we get to decide the 21st Century tittle queen. I'm just glad to have a reason to write a letter. A lot of great models have come onto the scene in the past 10 years, which makes the BBC-II even stronger than the original. Nice move giving Devon-The-Defender a spot, as well as all of the past Models of the Year.

Oh well, enough pleasantries, it's time for my selections: Nadine Jansen in a close one. Bozena actually gets me off more than Nadine, but this one is all about the boobs. Ditto for Sharday. I don't know what I'm going to do with the future brackets. Has anybody else seen that Holiday '06 match-up? Linsey versus Devon. That's one for the ages.—W.F., Michigan

Editor's Note: The only problem with the BBC-II (as it was with the original contest in the '90s) is the flood of mail we get focusing on the contest. Yes, we appreciate the excitement and the thousands upon thousands of votes, but it sure would be nice to get a letter about anything but the contest. A good dirty joke, perhaps. Oh well, such is life when you're kicking ass and taking (models') names! See ya. ①

BIG-BREAST

One of 2005's most heralded debutantes takes on a *Voluptuous* Model of the Year!

This month we have super-titted newcomer Marilyn Sakova bringing her enormous rack and humongous bullseyes to bear on a *Voluptuous* legend, Carol Brown. Ali versus Frazier? Rocky versus Apollo? Yeah, we're thinking the same thing you are. More like Tyson versus Spinks or Bruce Lee versus Bruce Arthur.

CHALLENGE II

**CAROL
BROWN**

Because this contest is based on boobage and not popularity, we don't think there's gonna be much rumbling this month so we're not even going to break out the boxing metaphors. But, you know what? There's still gonna be a whole lotta strokin'! Enjoy the show, 'cause that's all this match-up really is.

Now, as much as we love Carol Brown, we can't help but state the obvious... Marilyn is gonna win by a fuckin' landslide. We knew this when we made the seeding chart, but Carol is a past Model of the Year winner, and we gave all of the winners an automatic berth. The problem with Carol in a contest based on boobage is that Carol won our 1998 Model of the Year contest based on her entire package. Take a look for yourself. Carol Brown isn't one of the most revered *Voluptuous* women in history for nothing. She's what we affectionately call a "poster girl," and deservedly so. However, if you guys want to vote, you go right ahead. But we can guess what the verdict is going to be on this one and are looking forward to Marilyn's potential slim-n-stacked showdown with Sharday.

Erotic Fiction By ROLAND BYTE

I was supposed to be at a job interview the day it happened, but I was going through some stuff. Money troubles, problems with my girlfriend, you name it. The last thing I wanted was to be sitting in some stiff suit, staring across a cluttered desk at some pompous motherfucker, while he evaluated whether I was a good fit for his "team" or not.

Fuck that.

So, I did what I always do when I'm feeling like shit. I went to the beach. It was a spectacular day, really sunny and warm with a light breeze. I was walking along the top of the beach, where the sand gave way to the road, and I was heading toward this small canteen that sold ice cream and hot dogs. That's when I saw her.

She looked like something out of a sopping wet dream—halfway between a character out of *Xena* and a member of the Hell's Angels. She was amazing. I stood in complete awe as I watched her standing next to a big motorcycle, her tongue bathing a double decker scoop of something blue.

She was wearing the tightest black leather pants I had ever seen. I remember thinking to myself, "I have no idea how she got into those, but I'd love to see her try and get out of them." I looked below her waist and marvelled at the slight bulge of her pussy mound, and at her enormously rounded thighs in those pants, which were shining brightly in the afternoon sunlight. Two razor-sharp-looking cowboy boot toes pointed out underneath.

Up top, she was wearing a light pink t-shirt, wrapped tightly over a pair of insanely large boobs, and tied in a knot across her midriff. We're talking fucking outrageous tits. I couldn't stop staring at them. They were just so big and proud that they were like something you would never expect to see in real life.

Her hair was blonde, in very sharp contrast to her deeply tanned skin. It was tied into one long braid that stretched down over her left shoulder, and gave me a good look at her very sensual face. Her cheeks were full, her lips just a little bee-stung, and her nose rounded at the edge. I couldn't see her eyes hidden behind a pair of mirrored sunglasses, but she appeared to be in her early thirties, perhaps.

As I looked at her from head to toe, she was quite solid. Sturdy, but pleasingly swollen in all of her feminine areas. As she stood there in the pale sand, she and her motorcycle appeared as if they were a mirage in the middle of a desert.

Far too breathtaking to be real. But she was real, and as her leather glove grasped the final remaining bites of her ice cream cone, I realized I had been watching her for, well, I don't know how long. I was mesmerized and hypnotized by how goddamn hot she looked. I needed to approach her.

So, with my scrawny frame clothed in a loose purple tank top, a tacky pair of shorts with palm trees on them, and bare feet slid into untied black sneakers, I approached the goddess. She had just grabbed her leather jacket off the seat of her bike, and was sliding one of her big arms into it.

"Wow, nice bike," I offered, trying to be cool even though my heart was in my throat.

She just snickered at me and shook her head, clearly amused by my lame-ass pick-up line.

"Nice bike?" she snorted, her eyebrows raised and visible above the rims of her sunglasses. "You don't know shit

about bikes, do you? I can tell." She reached for her helmet.

"Well, I...I..." Honestly, I really didn't know what to say next.

"Come on, that was just a line. You just wanted to hit on me, didn't you?" She was right, but I couldn't believe she was busting my balls about it. I had no choice but to go with it.

"So, what if I did?" I asked, puffing out my chest, trying to be macho about the whole thing. She put on her helmet and ran the strap along her chin before snapping it into place.

"So, what makes you think you can just come over here and hit on me? What makes you think I'd be interested?" She was being a total bitch about it, but quite honestly, that was turning me on even more. It added to her illusion of dominance and superiority. It made me want her more.

"I just thought you looked so gorgeous standing out here," I said, my heart still ringing in my ears. "You,

you...well, you're pretty impressive." As the words left my mouth, I was staring down at my right foot, which was making a semi-circle in the sand.

"Hop on," she said coldly. I didn't know whether or not she was serious at first, but then she motioned her head to the back of the bike. "I don't have an extra helmet, so keep your head down and hold on tight." I was stunned, but I seized the moment and climbed on behind the leather goddess.

I wrapped my arms around her waist, hugging her tightly. She smelled like an intoxicating brew of rich leather and perfume. I turned my head and pressed it against her broad back, letting my face just melt into the warm leather of her coat. She started up the bike, which made a thundering roar. The power of the bike vibrated throughout my body and made my cock tingle. I could vaguely hear her call out something to me, then the bike jerked violently into motion and we were on the open road.

It wasn't long before we were traveling really fast down the old, narrow highway, whizzing past open fields and abandoned country homesteads. To be brutally honest, I was terrified. I didn't open my eyes a lot, just to occasionally take in where we were going. She was a big woman, and it just felt incredible to hold on to her as we streaked down the road. Soon, the bike began to slow.

"Hang on!" she screamed over the popping of the exhaust, and we took a very sharp turn onto this off road. The dust from the gravel was flying up all around us as the bike began moving faster again, heading far away from the main road. When we finally came to a stop, the scene was magnificent.

I let go of her as she pulled away to get off the bike. She walked a few feet away from it, turned around and took off her helmet. She smiled. I looked all around me, and I could see nothing but a blowing wheat field in every direction. Miles away from civilization. Fuck, I hope she's not a whackjob, I remember thinking to myself as she stared at me. I could scream for days and nobody would hear.

"Well, get over here," she demanded with a playful smirk. "Or you just all talk?" I hopped off the bike and walked over to where she was standing. She was a couple inches taller than me, so she kind of leaned down to kiss

me—really wildly, really rough. She reached behind me and spanked my bony butt with her gloved hand. Light at first, then harder every time.

She pushed away from me and slipped out of her jacket, then clawed at her t-shirt ferociously until it came flying off. I have no fucking idea how she didn't rip it to shreds, she pulled it off so fast. No bra and no tanlines. I was going crazy! There she was, standing in the middle of an open field in leather pants, leather gloves and no top at all. It was the horniest fucking sight I'd ever seen, something my sleazy mind never could have imagined on its own.

Her knockers were just fucking awesome. They were so big and round, but

you could definitely tell she was all real. Every inch. They were huge, but they hung proudly and swayed high above her waistline. They sloped out nice and far from her body, and almost glowed from the golden brown tan on them. Her nipples were a maroon color, and darted out from her tits, hard and erect as the wind brushed past and kissed them lightly.

I walked over to her and took her boobs in my hands, kneading and juggling them playfully. They were so tender and soft, but also very heavy. I leaned over to suck on her nipples, back and forth between the two. They were so hard and pointy, and I would take them in my teeth and lightly tug them, which elicited a series of satisfied groans from the leather goddess.

"So, what's your name, anyway?" I asked, contently fondling her spectacu-

lar jugs. She reached up and grabbed her sunglasses, removed them and tossed them over in the direction of her bike. I could now see her eyes were an incredibly entrancing brown.

"Bonnie."

"I like that name," I said, as I dove back down to run my tongue all over her wonderful bobbers. With her hand, she tilted my head back up to her, and we joined in a slobbery, desperate kiss. She reached down and grabbed the front of my shorts, only to find that my little soldier was on very high alert. She tugged them down a little until my throbbing lovestick sprang loose, pointing skyward at the summer sun.

Bonnie slid down my body and peeled my shorts all the way off me during her descent. She was now on her knees before me, and I could feel the warm embrace of her leather glove wrapped around my aching shaft. She started jerking me off and cooing softly at the sight of my engorged man-meat sticking out right in front of her face. It wasn't long before the warm embrace of a leather glove was replaced by the hot, wet, horny sensation of Bonnie's wanton tongue running all over the head of my cock.

"Mmmm," she moaned as she began blowing me in the open field. She moved her lips up and down my shaft as the swelling of my member became more intense than anything I had ever felt. She would start with slow, deep strokes up and down my shaft, magnified by this wild corkscrew twist with her lips that drove me crazy. Then she would shift gears a little bit and opt for a quicker, more frenzied pace, sucking really hard, straight up and down my dick. Then, she would go back to her original pace, then alternate again. It was an amazing blowjob from an amazing woman.

She rose to her feet again, wiping the saliva from her face. We fused for another passionate kiss, and I reached behind her to rub her broad, leather-clad backside. The sexy swell of her enormous rump made it feel like she could explode the seams on those hopelessly erotic pants. During a break in our kiss, she reached down and unfastened the big silver buckle on her belt, and slid it out of her pants. She then undid the pants and struggled to loosen them.

Watching Bonnie try to pry herself

BIKER BITCH IN HEAT

Continued from page 44

out of her leathers was an incredibly horny vision, as she wiggled her big buns and hips to freedom. Her thighs were glistening with perspiration, and she turned away from me to get her cowboy boots off, then her pants off the rest of the way. As she did, I got my first look at her big, round, beautiful, sweaty ass, tanned beautifully just like the rest of her. I slipped out of my top, and when Bonnie turned around, we were both finally naked except for her leather gloves.

We lunged at each other for another desperate kiss. Bonnie wrestled me to the ground and I crumbled under her voluptuous frame. We rolled around in the soft field, writhing like a couple of fighting animals. We were frantically rubbing our hands all over each other's bodies, and then Bonnie finally wound up on her back underneath me. I

slinked down to between her legs, and rubbed her neatly trimmed dark bush, that was almost in the shape of a V.

Her pussy lips were full and plump, delightfully smooth and deep pink. I started rubbing her clit, and as she began grunting, I noticed it was growing and standing at attention like a tiny, little cock. I began rubbing her pussy lips up and down with my right hand while I frigged her chubby clit with my left, but soon I had to take the plunge.

With the pungent aroma of her aroused cunt drifting up to my nose, I couldn't resist any longer. I stuffed my face down between Bonnie's legs and lapped furiously at her moist womanhood. It tasted wonderful, and I feverishly suckled at her dribbling cooze. She was getting wetter and wetter with every skilled flick of my heat-seeking tongue, and her hips began to churn with desire. I stole a glance up Bonnie's tremendously curvy body, seeing that she was playing with her titanic melons, tugging on her rock-hard nipples

and pulling her titties way up by their excited nubs. She was moaning and groaning with satisfaction as I continued to lick her twat and nibble on her pumped-up clit.

"Unnnhhh...mmmmm," she grunted from the depths of her passion. "I want...I want your big dick."

I rose from orally servicing the brick-house babe, and checked on my boner. He was large and in charge, definitely ready for takeoff. I surveyed Bonnie's slippery slit and parted her love lips wide with my fiercely swollen cock-head. In I went, and Bonnie's wet, warm cunt grabbed a hold of my cock and gripped it tightly like a firm handshake. It was hard to move in and out at first, but my prick battled its way in deeper and deeper with every plunge.

Bonnie's legs were spread wide, and I wrapped my arms around her powerful thighs as I fucked her on the ground of the vast wheat field blowing in waves around us. My cock was pushing its way in harder and deeper, loosening up Bonnie's love muffin until we were fucking at a nice, comfortable pace. I was grunting a bit myself, but she was almost growling with a depraved sense of fulfillment.

I looked down at her thick, tanned physique as I kept drilling for oil down under. I took my arms from around her thighs and reached down to play with her sexy jugs again. I would grab at her nipples and twist and tug them—lightly at first, then harder and harder. Bonnie really seemed to love having her nipples worked over, so I kept at it. Those throaty, carnal grunts rumbled throughout her body as I intensified the nipple play, then threw in a little light tit-spanking for added effect. Bonnie was going absolutely wild.

"Oh, my God!" she shrieked. "I fucking love that!"

I pulled out my glistening lovestick, coated with a juicy glaze from Bonnie's snatch. It was sticking up so high, that it almost looked as if my erection was glued to my belly. I got up and straddled Bonnie's middle, sitting down atop her tummy. I pointed my proud pecker down, guided it between her whoppers and pulled them up around the little guy.

As I wrapped my dong in a big hooter hug, I started working my way back and forth on Bonnie's bodacious rack, giving the beefy broad a nice tit-fuck.

It's *Voluptuous-Central* anecdote time...When Monique was posing for these pictures, a stray chihuahua showed up at our doorstep. It bit the blood out of one of our shipping guys, but it was so damned cute, we figured we'd rehabilitate the little bastard. No luck. Then Monique showed up. She took one look at the puppy, did some adorable doggie-talk, and that was all it took. That chihuahua may not have *yo quieroed gringo*, but it sure did dig Monique, especially when she picked it up, and the dog snuggled up between her tits! What can we say? BIKER BITCH IN HEAT

Continued from page 60

I was enjoying a nice ride on mammary mountain, and biker babe Bonnie was loving it, too. It was hard to keep my over-anxious hard-on down between her fleshy mounds, though, as he kept popping out and way up. Bonnie just watched, her eyes wide with lusty awe, as I kept working my stiff one back into her milkers for more booby-boffing.

Finally, she called for something a little more. She wanted to put that pointy pole to good use elsewhere, back down below. I eagerly wanted to oblige.

I got off of big Bonnie, and she got to her feet. She walked past me over to her bike, put her hands on the long leather seat, and bent over with her ass facing me. I looked at her magnificent butt waving itself proudly behind the rest of her, and I was aching to accept the challenge. I got in behind her, put my stick into place and stuffed it up into Bonnie's still soaking twat.

As I got in all the way, Bonnie's pussy was as pure a fit for my cock as her tight, black leather gloves were to her chubby, plumper hands. It was now molded to the imprint of my schlang, and the sensation of rubbing back and forth through her love tunnel was exhilarating. Having that hog honey bent over her ride while I porked her delectable cooze was the greatest turn-on of my life.

Bonnie's tanned, beefy buns were rippling and slapping against me, as I made my strokes hard and deep. I made sure that every single thrust sent the entire length of my hungry cock in as far as Bonnie could take it. Bonnie threw her head back as a horny grunt escaped, and her long, blonde braid ended up resting on her back. I grabbed the thick braid and pulled it tight, then fucked her a little bit rougher.

Bonnie shot out this husky, depraved laugh as the plowing got harder, and I could tell this was a chick who liked her sex a little rough, and her men with balls enough to give it to her that way. I kept pulling on that braid and bringing her head back as I slammed into her gooey gash with drilling precision. We were both rocked by electrifying shivers that ran through our bodies, sparked by the ethereal chemistry we seemed to have. Our genitals seemed

built for each other's pleasure, and we were both huffing and groaning as the climax felt near. But we stopped.

"Lie down on the ground," Bonnie said. I released her braid, pulled out my greasy staff, and obeyed her command. I lowered myself into the field a few feet away from the bike, where the matted silhouette of my lover remained pressed in place. Bonnie came and stood tall over me, her beautiful body now sweating and sparkling in the glow of the sun. She descended, straddled my body, and reached down to grab a firm hold of my pecker. She guided it slowly and carefully up inside her until she was all the way down on top of me. My rod was up in her right to the balls, and Bonnie's eyes rolled back in her head as she grumbled, "Oh, God!" She started moving her hips and grinding us together, making me squirm under the pressure.

"Mmmm, you like it rough, too," she ascertained, then started rotating her hips in these wild, clockwise spins.

She was screwing me really good, and I was biting my lip so hard that I was certain my teeth would soon meet through the skin. But she longed for more in-and-out action, and began bouncing up and down on my happy rocket. With her hands pressed down on my chest to steady herself, Bonnie went up and down, up and down, making sure my cockhead went in all the way and kissed her deep every single time. The sweat was starting to pour off her forehead, dripping down onto me as she rode my prick like a wild woman. She was thoroughly enjoying the ride, and I was enjoying watching her oversized fun balloons bouncing and bobbing all over the place as her body jerked up and down.

Bonnie's groans and grumbles soon became shouts and screams. The big girl was owning my dick and working it as hard as she could to get herself off. I could tell she was getting close and that an explosion was building inside her, just waiting to erupt.

She was hollering her approval louder and louder, as she came down on me quicker and quicker with more frantic strokes. Soon she was panting and screeching, and I could feel the onset of her vaginal release.

"Oh my God!" wailed Bonnie, and the cum started flowing freely from her well-fucked pussy. "Oh, fuck! Fuck!

Article By DONNA POWELL

Technology took away a lot of fantastic female pleasure when vibrators came into vogue. I'm not knocking vibrators. I use them myself. But for the most part, those plastic pricks have canceled out the age-old art of pleasuring a pussy with a finger.

Even you guys have been spoiled to the extent that you rely mainly on vibrators now instead of your fingers for pussy foreplay. Again, vibrators are fine and a lot of mutual fun. But both sexes have almost totally forsaken the basics they first learned back in finger-fucking boot camp. So, here's a "how-to" course on the finesse of contacting her cunt and clit with your loving, feeling and now learned finger.

Some men take the term "finger fucking" quite literally. They think that a woman's idea of fantastic foreplay is having a guy jam his fingers up her vagina. Others attack her clitoris like it's a swollen mosquito bite, figuring the more and harder they scratch it, the closer she gets to the big "O." However, what men just don't realize is that the only "O" she experiences is "O"uch.

The first thing to consider is that a woman's clitoris is actually several times as sensitive as the head of your cock. You guys grow up handling wrenches, baseball bats and shovels, so it's only natural that you might tend to apply more force and friction than she would prefer. There's also the matter of knowing when to speed up your finger frictions or slow them down. Most guys speed up when they get close to cumming. But a majority of women turn on to variety. They prefer your fingers to go slow, fast, soft, hard (well, somewhat hard) and have more changes of speed than a car on an evening commute.

"I've watched a couple of guys jerk

off, and I can't believe how rough they are on themselves," says a 26-year-old female subject of mine.

Take a lesson from this lady. The reason she can't believe how "rough" guys are with themselves is because she'd never dream of fingering herself that way. The best thing you can do when it comes to pleasing her pussy is to forget everything you know about your own pound off pleasure. With a prick, you can maul it, yank it and halfway choke that poor chicken to death—all it does is get harder. Try contacting a clitoris with that kind of careless and reckless abandon, and you're likely to end up being labeled a lousy lover.

In his best-selling book, *Getting It On*, author Paul Joannides includes a chapter called "The Zen of Finger-Fucking," wherein he advises men to "give their fingers a sense of humor."

"Men make a big mistake when they forget to let their fingertips tease and dance between a woman's thighs. For instance, gently running your fingertips up and down a woman's inner thigh is about a zillion times more enticing than shoving your middle finger up her crotch. When she's ready to have your fingers inside of her, trust me, she will let you know in no uncertain terms, and even then it's sometimes wise to hold back and tease and play some more. Finger fucking is definitely more effective if your fingertips are playful and teasing rather than serious or hyper."

Okay, so now your interest is piqued. You've decided that instead of zapping your woman to a bunch of quick orgasms, you'd like to go "old school" and actually have foreplay. What next?

First things first, make absolutely certain that your fingernails are clean and closely trimmed. Those rough edges bring pain, not pleasure.

Next, remember that the term finger fucking, the exact terminology notwithstanding, doesn't strictly refer to shoving your finger in and out of your partner's pussy at warp speed. Nearly all of the action occurs on the outer part of a woman's genitals.

A woman's pussy has two sets of lips—the labia majora, which forms the outer folds of the vulva, and the thinner labia minora, which are the inner lips. The inner lips are particularly important since they also form the hood of the clitoris. If you finger with real finesse, you'll spend much time in stimulating both the inner and outer lips.

The biggest things to commit to memory are comfort and arm position. When a woman masturbates, she usually rests her wrist on her lower abdomen, just above her pubic bone. Since this is what your partner probably does, try to do the same thing. Try lying parallel to your partner and reaching your arm over her body until your fingers touch her crotch. Then your fingers will approach her pussy in the same way that hers do when she masturbates. You can also finger her very effectively if you sit her on the bed (or wherever) in front of you while you reach around from behind. The least effective position for fingering her pussy is to sit between her legs while facing her. It's awkward and not the angle she's used to during her own masturbatory sessions.

Another favorite position (and connection) for extremely effective finger fucking is to sit in a chair with her on your lap, facing the same way you do, with your penis buried in either her pussy or backside. You can reach around her and feed her your finger, or have her do it herself, and your buried penis will not be in the way of any finger action. This dual tactic can definitely double a female's pleasure and the intensity of her final orgasmic spasms. Some women find it exciting to milk and play with their own nipples while you're fingering them, so it might be wise to suggest that to her.

It's a good idea to watch your woman masturbate a time or two. You might learn exactly where she likes to place her fingertips. Watching her can teach you nearly everything you need to know about her personal finger fuck preferences. For example, you might find out which side of her clit she favors for fingering or how many fingers she prefers.

Again, always keep in mind while performing any form of fingering that too much direct clitoral contact is nothing less than a finger fuck felony! Many women's clits are so hypersensitive beneath their clitoral hoods that a roughly probing finger would be like a poke in the eye. Experiment, yes, but with delicate finesse. Some women masturbate by stimulating just one spot, but most tend to pleasure themselves in a more global way, tugging and pulling on the surface of the entire vulva. Some love a circular motion when rubbing their genitals, and others move a middle finger side-to-side or up and down like plucking a guitar string or turning on

and off a light switch. When you finally get to her clit, try using whichever hand you use for writing, since stimulating a clitoris requires finer motor skills than massaging a vagina.

When writer Jay Wiseman reviewed porn movies done by lesbian producers, he noted that the girls almost always used two fingers when they felt each other up, not one or three. Wiseman asked some of the girls about this, and most replied that two fingers simply felt better. It sounds trivial, but the fact is that, on the hole (yes, pun intended), two fingers are simply more gratifying. Personally, I couldn't agree more. I find two fingers to be a lot more exciting!

You should never immediately penetrate a woman's pussy by shoving an entire finger into it. Slowly ease your finger in one joint at a time. Once you get the message that she does want your finger in there, slide it in as far as the joint that's between your fingernail and middle knuckle. Then use it to make sensuous circles inside her pussy, gently tugging in different ways so that that you're impacting her entire vaginal opening. When your woman is ready, she'll clue you in to up the ante. Moaning, sighing, undulating her hips to meet your finger or simply grabbing your hand are always good clues. When she's ready for more, tease her. Stop and circle some more. At that point, she might want it all the way in, or maybe she'd go for the added fullness of a second finger. She might appreciate it deeply then if you jiggle your hand or pull upward with it as your fingers makes an "L" with the fingertip part inside her pussy and inner knuckle pulling up against the shaft of her clit.

The most important thing to remember is that everything I have just told you is merely a guideline. As with all aspects of that wonderful experience we know as sex, there are endless trips you can take. It's good to experiment, with her telling you what feels best.

It takes time and practice to fully explore a woman's pussy. You might soon find one special place or perhaps discover a dozen. The best advice is to make every fingering trip you take a tender one. Sure, there's no sign on a pussy saying, "You break it, you pay for it!" But, believe it, roughness and a lack of technique are the finger fucking felonies that we women find hard to forgive. When it happens, we feel like flipping the guy the finger. ⑩

Honestly, when you look at her straight up in the classic doctor-pose, Leah Jayne’s boobs don’t really look like HH-cups, which is why we were somewhat speculative when she first told us her bra-size.

Then, we saw Leah’s bra. And we saw awesome, heavy hanger photos like this one. It didn’t take us long to realize that this busty Brit is as good as her word, and so are her boobs!

BIKER BITCH IN HEAT

Continued from page 71

Fuck!" The orgasm had seized her as her body began to quiver and quake, sending shockwaves of overwhelming pleasure surging through every part of her. Her hips kept churning, but slower and slower until she just couldn't handle the sensation a second longer. Then her big, sweaty body just crumbled down on top of me, with Bonnie completely satisfied from our superfuck.

She peeled away from me and visited my hard-working dick with her trembling lips. She put me in her mouth and began sliding her face up and down my dong until it was starting to convulse, the semen preparing to thunder through my package. As she sucked with quick, erratic strokes, my member twitched violently two times, then my chunky white seed sprang from my pipe and filled Bonnie's hot mouth. The load just kept on coming, and soon her mouth couldn't store any more of my epic release. As she pulled my manhood from her mouth, copious traces of cum came flooding from between her lips, leaving a creamy trail all over her cheeks and her chin.

We took around 20 minutes to just lie there and recover from the torrid fuck session we had just endured. Then, Bonnie got up and started to hunt down her tossed aside clothes. Soon, I got up and did the same. We really didn't say anything to each other after we were done fucking. It was like we fulfilled our destiny for that time and place, and that we mutually understood the thrill of living in the moment and taking a chance.

Nothing more and nothing less.

She drove me back to the beach, and when I got off the bike, Bonnie smiled and winked at me.

"Maybe I'll see you around some time," the leather bitch grinned. "I come here a lot."

"Believe me," I responded, "I'll be spending a lot more time at the beach. Amazing things seem to happen down here." Like finding the best goddamn lay I've ever had, I concluded to myself. She chuckled, then drove off so quickly it was like she was never really there.

But she was, and I keep going back in hopes of hooking up again with my beach biker momma. After all, she gave me the ride of my life.

The *Voluptuous* Hair Club For Men Rocks On With The Furriest Busty Babe Of This Decade!

All righty, boys and girls, these two photos really don't need much in the description department, but we *Voluptuous* editor-types have to earn our paychecks, so here goes... That's one hairy ass pussy! If you're rock hard, and your hands are quivering out of sheer excitement, about the only other thing we have left to say is...blah, blah, blah, blah, blah.

Now, for all of you guys who like your beavers bald, dudes, you really have to expand your horizons a bit. Take Katherine James (Kat to her friends). Sure, she could shave her pits and pussy like 90% of the women in this world. Instead, Kat prefers the path less shaven. And, though some of you may be thinking, "What the hell," if you ask any bush-man, he'll tell you that once you've buried your face in the fragrant, silky succulence of a hirsute woman, you'll think you've died and gone to heaven!

What is it about hirsute women that turns men on so much? "I think it has to do with the scent," Kat told us. "That musky fragrance of sex that I get down there is so erotic, my god, I'd eat my own pussy if I could, it's that sexy. In the middle of the day, when I go to the bathroom, *whoa!* The second I open my pants, I can smell myself, and it smells *good!* Guys get off on it, too. I can't get their faces out of my pussy. It's gotten so bad, I have to beg them to stop eating my pussy and fuck me." All women should have that problem. Though, we have a different one right about now. This is page 97. See ya next month with 100 more pages! Hopefully we'll have another babe like Kat, though we're not promising anything. Women like this really are one in a million.

COCK-SUCKER **NEXT DOOR**

April '06 Voluptuous-girl Dusty Rose opens wide and sucks down some tube steak!

Drop your socks and grab your cocks. The Horniest Show On Earth is in the house and so is one of the hottest American ladies-next-door ever to hit Big-Tit-Dom. Oh, and that last plug, those weren't our words. That's what thousands of you said after Dusty Rose debuted in the April '06 Voluptuous. You also said you'd give your left nut to see her taking man-meat balls-deep. Relax, we're not gonna hold you to that promise. After all, with a lady this horny, you're gonna need all the guy gravy you can muster!

BARE FACTS

DUSTY ROSE

Age: 37 Birthday: May 23, 1969 Height: 5'7"

Weight: 187 lbs. Measurements: 46-33-40

Bra Size: 40E Lives: Michigan

Previous *Voluptuous* appearance: April '06

Video: *Busty Cock Worshippers* (XXX-Rated, available in the Video Club on page 98)

For those of you saying, "Where'd you find this hottie?" we take absolutely no credit. Dusty is a fan, and so is her husband, and now so is this guy, who is not her husband. What gives Dusty? "I wanted to do it with my man, but he said it has always been his fantasy to see me get fucked by another guy. I couldn't say 'no.' I do whatever my man wants." Personally, Mr. Rose, we'd keep Dusty all to ourselves, but thanks for sharing!

If you guys think you're dropping a major load right about now, imagine Dusty's hubby looking at these pictures. His cock is in Dusty's mouth, he's diddling her to orgasm with his finger, and then he's gonna nail her just like you're seeing in these pictures. Talk about a V-man living the life!

XXX HORNY TWAT

It's Cherry-Bustin' Time With Four-Footer Kerra Dawson!

For all of you guys who judge women by their size, don't do it with Kerra Dawson. Sure, she's not even close to being a five-footer, but if height equaled horniness, she'd be taller than Yao Ming. This chick can fuck and suck and fuck and suck until even the studliest of porn dudes is totally spent. We knew that when we took these pictures. Kerra was insatiable. When our guy worked her over like a blow-up doll, she screamed for more! We were happy to oblige.
